COLLECTIONS**

OUR BRAND

Krishna Ceramics was established in 1983 in Khurja, Uttar Pradesh, a major ceramic manufacturing hub near Delhi. With years of experience, the company has grown into a trusted ceramic manufacturer known for quality, innovation, and customer satisfaction.

Under the brand name Somny, we offer a wide range of stylish ceramic products with bright colors, hand-painting, decals, and custom glaze options. We also make vegetarian china, which looks like bone china but is completely bone-ash free.

Our focus is on quality, competitive pricing, new designs, and reliable service for both domestic and export customers.
